Since we are receiving numerous out-of-area calls, here's a review of our boundaries. SVdP Frisco is one of 31 Confer Dallas area. We primarily provide assistance to people who live within or near the Frisco Independent School District always exceptions. For example, we help people north of Frisco because SVdP does not exist above Frisco. Our boundaries are loosely as follows: The North Dallas Tollway to the west; Coit Road to the east; Route 121 to the south north as we can manage. We have occasionally gone outside of these boundaries, especially to the west, but we do keep our money local. People in need from outside of our area should refer to [SVdP Dallas](#) where they can search (us code) for other Conferences. . . . When you refer people to SVdP, or give them a business card or brochure, please boundaries! In future updates of our literature we will also include the boundaries.
